EXPORTING FROM Acteon[®] Viewer

UPLOAD GUIDE

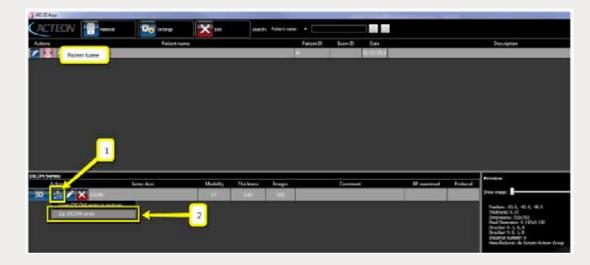

866-497-3692 • glidewelldental.com

Note: If using the Instrumentarium Dental OP300 or Gendex GXDP-700[™], instructions will not apply. Please contact your local representative for assistance on extracting the raw data from your CT scanner.

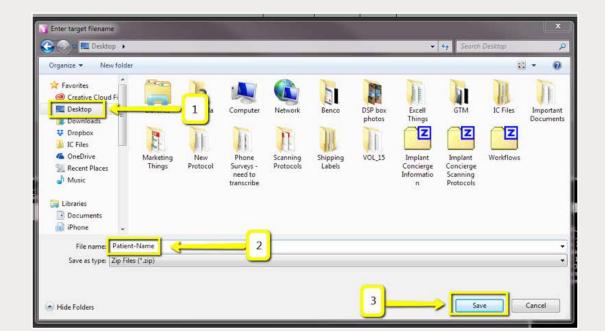

Step 1: Open the USB/CD and click "start".

Step 2: When the CBCT loads, click the folder icon found under "DICOM Series", then click "Zip DICOM series".

866-497-3692 • glidewelldental.com • DTP@glidewelldental.com

Note: If using the Instrumentarium Dental OP300 or Gendex GXDP-700[™], instructions will not apply. Please contact your local representative for assistance on extracting the raw data from your CT scanner.

Step 3: Select "Desktop" when prompted for the save location. Enter the patient's name in the "File name" field and click "Save".

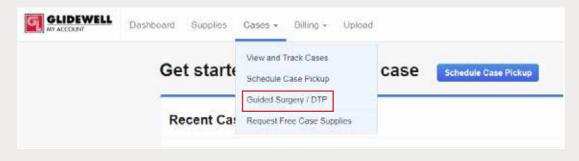

Step 4: A progress bar will appear in the upper right-hand corner; there will not be an alert when exporting is complete.

Note: If using the Instrumentarium Dental OP300 or Gendex GXDP-700[™], instructions will not apply. Please contact your local representative for assistance on extracting the raw data from your CT scanner.

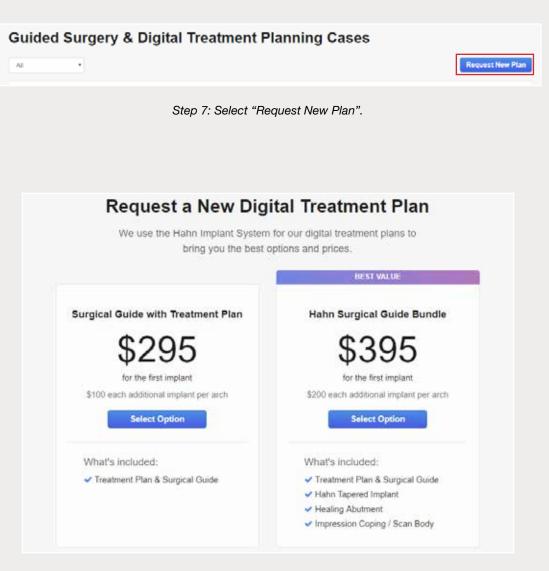

Step 5: Upload your case on glidewelldental.com, then click and log in to "My Account". Note: Use Google Chrome when uploading your case; additionally, if you do not have an account, please contact us and we will set it up for you. Your scan can also be sent on a disc or USB drive via standard shipping methods if digital upload is not possible.

Step 6: Select "Cases" → "Guided Surgery/DTP".

Note: If using the Instrumentarium Dental OP300 or Gendex GXDP-700[™], instructions will not apply. <u>Please contact your local</u> representative for assistance on extracting the raw data from your CT scanner.

Step 8: Select desired package.
