EXPORTING FROM Morita

UPLOAD GUIDE

866-497-3692 • glidewelldental.com

Step 1: Locate and open patient case in database. Click to select CBCT scan, but do not open. Scan should be outlined in green.

Step 2: On the right side of the screen, click on "Save DICOM" → "Save as DICOM File" → "Axial Image".

866-497-3692 • glidewelldental.com • DTP@glidewelldental.com

Step 3: In "Slice Setting" window, change the "Interval" and "Thickness" to the lowest possible setting (about 0.160 for each), then click "OK".

Step 4: Set "Accession Number" to 0, then click "OK".

Step 9: Right-click on the patient's folder to send to a compressed folder ("Send to" \rightarrow "Compressed (zipped) folder"). A duplicate folder will be created with either a zipper or a blue "Z".

> Note: If following a Dual Scan Protocol, zip scans individually and label accordingly (i.e., "Patient Scan" and "Denture Scan").

Step 10: Upload your case on glidewelldental.com, then click and log in to "My Account".

Note: Use Google Chrome when uploading your case; additionally, if you do not have an account, please contact us and we will set it up for you. Your scan can also be sent on a disc or USB drive via standard shipping methods if digital upload is not possible.
